## City Gets New Air Importance Bilateral Air Accord Means Vital Spot on Orient Route

Edmonton's title of air cross roads of the world was recognized today in the signing at Ottawa of the new bilateral air agreement between Canada and the United States.

As a result of the agreement Edmonton attains an important position on the direct air route to the Orient.

The treaty gives Canada and the U.S. the right to extend their airlines deep into each other's territory.

By its terms U.S. airlines will have the right to pick up or drop passengers at Edmonton Airport en route to Alaska and the Orient.

Other concessions given by the U.S. to Canada include the right to permit extension of a direct route from New York to Toronto to re-join the existing route from Buffalo, N.Y. to Toronto, and will also permit American planes to make a stop at Edmonton en route to Alaska.

Trans-Atlantic flights from Great Falls which was previously halted at Lethbridge.

Other concessions given by the U.S. to Canada include the right to permit extension of a direct route from New York to Toronto to re-join the existing route from Buffalo, N.Y. to Toronto, and will also permit American planes to make a stop at Edmonton en route to Alaska.

Trans-Atlantic flights from Great Falls which was previously halted at Lethbridge.

## MOVE OVER, MERE MAN

PICTON, Ont., June 6.—(CP)—The men might as well hand over everything to the women—they'll get it eventually.

During the week-end Elizabeth A. Roblin of Buffalo took the lead in the Prince Edward County Chamber of Commerce fishing contest, entering an 84-ounce pickerel caught with casting gear at the mouth of Hay Bay.

## Golf Course Starts Soon

Breaking the soil for the new Municipal Golf Course near Edmonton Rifle Range in Dawson Bridge-Forest Heights area should start within a month, Development Engineer A. W. Hadden said today.

He said it is unlikely that the course will be under way by the earliest and it will more likely be 1951.

Selection of a club house site is now taking the attention of departmental engineers.

There is some debate over whether to build the club house near the south entrance to Dawson bridge or at the top of the hill in Forest Heights.

City voted \$70,000 for the 18-hole course about \$25,000 of which will likely be spent this year.

## OLD COURSE EXTENDED

In the meantime Dr. J. J. Macdonald, who is in charge of the extension of the old Municipal Course in the west end, by river bank.

This course is to be extended from 18 to 27 holes on the hill in Forest Heights.

It is unlikely that the additional nine holes will be open for play until 1951.

It will be possible only if there is ample moisture to bring the newly-laid grass along at a rapid pace.

## CHARGE ASSAULT

Water Pistol Gunmen Cause Near Disaster

Two teen-agers will be summoned today on charges of assault, after causing near disaster in their roles as water pistol gunmen.

An accident almost resulted when Marie Adams, 17, was driving east on Jasper near 106 Street when a youthful passenger in the back seat, threw a water pistol at her.

Street, was made a target for snipers armed with water pistols today.

Police told police he was driving east on Jasper near 106 Street when a youthful passenger in the back seat, threw a water pistol at her.

## Cement Shortage Is Blamed for Cut

Serious curtailment of the city's 1949 paving program was predicted today by Mayor Harry Ainlay as he lashed out at Canada Cement Co., for failing to keep promises made to civic officials.

Pointing out that one paving contract has already cost the city \$2,000 above the original estimate because of necessary purchases of cement from the United States, the Mayor said he planned an emergency conference with Senator James A. Macdonald today to "try and work out some method that will get around further cement buying in the United States."

## \$15 Million Oil Program For Alberta

CALGARY, June 6.—(CP)—A \$15,000,000 oil production and refining project will be undertaken in Alberta oil fields during the coming year by McCall Petroleum Co. Company, J. M. McCall, company president, announced here Saturday.

Mr. McCall has been in Alberta for about one week on an extensive inspection trip of Alberta oil fields in the Edmonton area. He left for New York last night.

Mr. McCall said the major part of the \$15,000,000 program will go toward a large refinery in Edmonton, construction of which will start late this year.

He also said the company is planning to build a new refinery in Edmonton, construction of which will start late this year.

He also said the company is planning to build a new refinery in Edmonton, construction of which will start late this year.

## Indian Chief Wins in War With Giant Thunderbird

## BORDER 'INCIDENT' IS QUITE PEACEFUL

OGDENSBURG, N.Y., June 6.—(UP)—Canada and the United States had an international incident (peaceful) today.

While Mrs. Gerald Yon, 20, of Kemptonville, Ont., was enroute home from a visit with relatives here last night she suddenly became ill and was rushed to an American hospital where she gave birth to a boy.

Officials said the child will have dual citizenship until he reaches an age where he can decide to which country he wants to take the oath of allegiance.

## No Pomp, Ceremony On King's Birthday

By The Canadian Press

Minus pomp and fanfare, Canadians today officially celebrate the birthday of the King. Although the birthday was Dec. 14, the celebration was set back as customary to a more timely date.

Governor-General Alexander was also being celebrated. Fine weather welcomed thousands of people who turned out for the celebration today.

In Manitoba, Winnipeg's 75th anniversary was also being celebrated. Fine weather welcomed thousands of people who turned out for the celebration today.

In Ontario, civil servants swarmed into the Galt House and the Ontario Legislative building for a day of fishing, opening of summer cottages or just relaxing.

In Ottawa, civil servants swarmed into the Galt House and the Ontario Legislative building for a day of fishing, opening of summer cottages or just relaxing.

In Montreal, civil servants swarmed into the Galt House and the Ontario Legislative building for a day of fishing, opening of summer cottages or just relaxing.

In Toronto, civil servants swarmed into the Galt House and the Ontario Legislative building for a day of fishing, opening of summer cottages or just relaxing.

In Vancouver, civil servants swarmed into the Galt House and the Ontario Legislative building for a day of fishing, opening of summer cottages or just relaxing.

## Indian Chief Fred Calhoun, of Villeneuve, had a battle with one of the white man's Thunderbirds. The chief was scalped but the Thunderbird came off second best.

Calhoun was struck on the head by a whirling airplane propeller after taking a flight with pilot Pat Hanks, 107th St. Street.

The propeller was smashed. Against his will, he was taken to Misericordia hospital where he received 50 sutures on the head. He is now in good spirits and anxious to get out so he can get back to the section and a quarter of land he farms at Villeneuve.

He attended a picnic yesterday when offered a flight by Hanks who had flown out to visit a friend.

After the flight he jumped out of the aircraft and walked into the propeller. The engine had just been shut off but the propeller was still whirling.

Calhoun, retired as chief of Michel, tried last year after serving as leader for 13 years.

He attributes his tough scalp to his fighting ancestors. He is part Injous, part Cree, and part French-Canadian.

His enthusiasm for flying is undimmed. Only next time he is going to stay away from the propeller.

"You never know. It may have weakened my skull. It might get broken next time," was his parting remark.

## Union Head Quits Commies

NEW YORK, June 6.—(AP)—Max Perlow, secretary-treasurer of the United Federation of Workers of America (CIO), says he has resigned from membership in the Communist Party.

Perlow declared he still keeps the beliefs he has held for many years, but he has decided to leave the party.

He said he has decided to leave the party because he has decided to leave the party.

He said he has decided to leave the party because he has decided to leave the party.

## Bellis Hunt Hope Fades

Another hope of weary searchers for missing Julia Schubert of Bellis has faded.

Danny, the Labrador retriever belonging to RCMP dog expert Const. M. F. Lee led 300 searchers yesterday in an unsuccessful attempt to find the 10-year-old girl who has been missing from Bellis since May 20.

Earlier hopes that the mongrel, which disappeared with Miss Schubert, might lead to her, faded.

Organized search parties have not yet been sent into the bushland, but reports from the district say the search is not over.

Bellis residents, however, have set out their own traps. They have three or four traps set out in the bushland and three although hope that the girl was found alive has been abandoned.

He had been sentenced to five years for car theft.

He was arrested at Salt Lake City last March and Oklahoma asked Utah for his return.

He was arrested at Salt Lake City last March and Oklahoma asked Utah for his return.

## 768 Hopefuls Are Nominated

By Canadian Press

A total of 768 candidates has been nominated for the federal elections in Canada for the federal elections in June 27, an official compilation by the Canadian Press as shown today.

A week remains before the official results of the 260 constituencies which will elect 262 members to the new house of commons.

Two constituencies, Halifax and Quebec in Prince Edward Island, each return two members.

The 262-member of the new house is an increase from 245 in the previous parliament.

So far the Liberals have nominated 257 candidates, the Progressive Conservative 253 and the CCF 161. Bringing up the total are 51 candidates from the union of Electors, 50 in Quebec, 23 Social Credit, 13 Labor-Progressive, 13 Independent, five Independent Liberals, three Independent Social Credit, one Nationalist Independent and one Labor Farmer.

## Comedy Star Suffers Shock

CHICAGO, June 6.—(AP)—Vivian Blaine, actress, suffered a shock after the musical "Indiscreet" was taken to hospital after suffering from shock after fire developed in her apartment yesterday.

Her shock was not on last night, she said today.

Sam Stratton, Miss Blaine's press representative, said today that the performance had been cancelled and that the musical comedy star will remain in hospital overnight.

She said she was not hurt and that she was not hurt.

## Hope Gone For Michel

EASTMAN, Que., June 6.—(CP)—The search for six-year-old Michel Fournier, missing now for seven days, centred today around Troutville pond, a mile and a half through the deep bush from his father's farm.

There was little or no hope the trail laid, suffering from asthma and grown no bigger than a normal four-year-old, was still alive.

But a search party which returned before dark yesterday indicated they might have struck the area where Michel wandered when he failed to return home from a trip to fetch his father's cows. The party reported seeing three footprints made by a child.

## Defence Minister In Hong Kong

HONG KONG, June 6.—(Reuters)—A. V. Alexander, British defence minister, arrived tonight from Singapore aboard an RAF aircraft. He is to have talks with service chiefs on expanding the colony's defences.

## 3 Children Die in Fire

OTTAWA, Que., June 6.—(CP)—Three small children were burned to death and their 79-year-old grandmother sent to hospital, seriously burned, when fire raged through a farm house near this city Quebec village Friday night.

Dead are the three children of Mr. and Mrs. Arthur Belanger: Andrew, 7, Fleurie, 5, and Claude, 3.

The grandmother, Mrs. Edmond Belanger, is in critical condition with severe burns to her legs, hands, right arm and face.

St. Amade is some 50 miles southeast of Ottawa.

## Mama's Marital Strife Prompts Screen Reject

## Sp... By the Staff

### NEVER DID

Ballot boxes for June 27 elections for the first time will have seals instead of lock and key. Previously returning officers had difficulty with DRO's who put keys inside boxes after locking them.

J. M. Pullin, returning officer for Edmonton East, tells a story of one DRO in the last federal election who was told about this practice.

"Oh, I would never do such a stupid thing as that," he said. He was the only one of 379 who did it.

### IN RED DEER

David G. Wood of Harold Stantfield advertising here, spent the weekend in Red Deer.

### ALL'S QUIET

Alta's quiet under the dome of Alberta's legislative building today, as civil servants observe the King's birthday holiday. But presences of business in many departments is keeping some government employees at work although they are away from their desks.

Mr. N. E. Tanner, minister of mines and minerals, has speaking engagements in southern Alberta, and Richard MacDonald, cultural affairs coordinator, and E. S. Huerta, fish and game officer, are attending conferences in Calgary.

### HERE SOON

Ian Warren, newly appointed CPR passenger traffic manager, will arrive in Edmonton today, and on his first western trip since taking over the department in April. He is on a tour of inspection to Victoria and down the American coast.

Edward probation officer D. R. "Doc" MacNaughton is having trouble with his garden. The constable's time is so taken up with heart to heart talks with troubled children that he has no time for his garden. Worried mothers bring in their erring offspring at all hours. He is perhaps beginning to regret that he "has a way" with children because the weeds are getting in the way.

### BEST IN WEST

W. C. Owens, formerly general manager of western region for the CNR, is in Edmonton from Winnipeg visiting his son, Henry, and attending to several matters of private business. All of places in Canada where he would like to live, Edmonton takes first place, he says.

### FREE SERVICE

John Key Miller at the Tourist Bureau is happily directing tourist cars to service stations where free washes are the order of the day today. Two branches of Western Edmonton are also open at the station, MacMillan Motors and Newcomb Service are also open at the station.

At these meetings, from April 20 to May 8, the Commonwealth Parliamentary Association was formed with Sir Howard D'Elville as permanent secretary.

Sir George said he hoped the United States, as a parliamentary nation, might be persuaded to become a member of the association.

Sir George is being tendered a courtesy luncheon by the provincial government at the Macdonald Hotel today. He is accompanied by Lady Watt.

Several per cent of British Columbia tourists prefer double beds, said today. The survey made by travel authorities.

Equipment will draw attention from expected large crowds.

The day's program, which starts at 2 p.m. will begin with static ground display in Nos. 2, 3, and 4 hangars, while aircraft will fly in the target area for public inspection.

Model aircraft and moving pictures will be shown from 2:30 p.m. followed by drill parade of Edmonton's three Air Cadet squadrons.

A fire-fighting demonstration on the airfield.

The flying display, with dozens of aircraft taking part, will take place over the airfield and city from four in the afternoon.

AIRCRAFT SHOW

Nearly 20 various types of aircraft currently in operation with the RCAF will be open to public inspection throughout the day, while countless outdoor displays of para-rescue, meteorological and other equipment will be on hand.

These dirty little slingers of the Cullidies family are on the loose, lusting for blood.

And if you've ever been gnawed by a mosquito, you'll know the value of these critters they can be.

According to people who make a study of such things there are probably 2,000 species of these pesky blood-suckers in the world. One would be bad enough.

Most people recognize the mosquito when they see it—or feel it. For those who aren't so much familiar with the parasites there are one or two methods of spotting them:

1. Mosquitoes can be distinguished from harmless midges by the shape of their wings.

2. Mosquitoes can be distinguished from harmless midges by the shape of their wings.

3. Mosquitoes can be distinguished from harmless midges by the shape of their wings.

## Big increase Is Forecast in City

### Assessor Sees Upped Population in Month

Edmonton's population will show a "substantial increase" over last year when census-taking is completed in about a month, City Assessor John A. MacDonald stated today.

The assessor said he estimated census was about 80 per cent completed.

Census-takers, who numbered about 60 at that time, have not been considerably reduced and those now working are making calls back at homes where the census was absent when first called upon.

Assessor MacDonald smilingly refused to predict what the new figure would be but said there would be a "substantial increase" over the 1946 figure which was 126,665.

"We should know exactly in about a month," he said.

## City Girl Is Injured

A weekend fishing trip to Lake McGregor ended in tragedy at High River Sunday for an Edmonton girl, Miss Betty J. Stewart.

Miss Stewart was one of four passengers in an automobile which rolled into a 10-foot deep ravine about two miles northeast of Valley.

Said to have suffered only minor facial lacerations, Miss Stewart was the only passenger requiring hospital care.

Other passengers reaching here were R. Gerlitz of Okotoks, Alta., and Alice Evans and Norman Gump, both of Edmonton.

RCMP at Vulcan said the driver of the car apparently was unaware the bridge was washed out by floods Saturday night in storm.

RCMP officers are investigating.

## Time Element Held Vital

### War Factor

Leading on Normandy beaches five years ago took four years to prepare. Should we become involved in another conflict it's unlikely that we would have the same amount of time for preparation.

This note of warning was struck by Col. Ernest Brown, chief of administration officer, Western Command, in his address to the Kiwanis Club today.

Speaking on the fifth anniversary of D-Day, he was attached to Canadian Military headquarters in London. Col. Brown said the element of time is a vital one in modern warfare.

"We should remember too," he said, "that insurance for peace means not only that we have a high-trained nucleus for army, navy and air force but that the purpose behind it all has the good will and support of the public at large."

Second vital factor in large-scale operations is co-operation. Nations in wartime must be prepared to forego prejudices and go more than halfway in working out plans for the benefit for all.

Five years ago, 13,000 Canadian troops landed on the Normandy beaches with 20,000 vehicles, in 2,000 sea vessels, 15,000 trucks were landed in the first two days.

"After five years we somehow lose sight of the size of the enterprise," Col. Brown said.

Winston Churchill's direction was at all times specific, he noted.

British chiefs-of-staff were given direct instructions on special landing craft and specially-trained troops. His plan of attack was conceived as far back as 1947, and he was an example of first-rate concentration of all forces, Col. Brown said.

Following the program Alex Cunniff, president of the Kiwanis Club, presided at the luncheon.

Col. MacVicar, who is general manager of Joseph E. Seagram & Sons Ltd., will be in the running for the American championship at Kalamazoo, Mich.

Already \$3,000 of a \$5,000 fund for development of junior players this year had been raised, Mr. MacVicar said.

District, provincial and Dominion competitions were being arranged for younger players, as the association embarked on an extensive campaign to produce better class of tennis in Canada by development of junior players.

Col. MacVicar, who is general manager of Joseph E. Seagram & Sons Ltd., will be in the running for the American championship at Kalamazoo, Mich.

Liquor sales in Alberta, he said, had increased more than in any other province in Canada, which he attributed to this province's general prosperity.

The Romans considered salt a sacred article of food, and never placed any other dish on the table before a banquet.

FRESH-CUT flowers brought a breath of youth and outdoors yesterday to Mrs. Joseph Callinbull, 80-year-old patient at Charles Cammell hospital. She was one of many shut-ins throughout Edmonton to receive flower gifts from the Edmonton unit of Allied Flowers and Growers. Beth Corus and Elma Dyster were among 24 Sigma Beta Phi sorority sisters to assist in delivering flowers.

—Photo by Sullivan.

## Bill Mason Is Pioneer Chief

Edmontonian William Mason was elected president of the Alberta Chapter No. 46 of the Telephone Pioneers of America annual general assembly held here recently.

The association which comprises 80 chapters in Canada and the United States is made up of men and women who have served 21 years or more in the telephone industry.

Other officers elected at the general assembly were: A. C. "Sandy" Smith of Red Deer, vice president; and Walter K. Evans, Edmonton, secretary-treasurer.

Directors named were Alan M. Kager, Frank Jackson and George A. Baxter of Edmonton, A. E. Feary, George H. McIlwain and A. M. Munro of Calgary, and George Mead, Lethbridge.

Business meeting was presided over by a banquet and entertainment. Reports of local gatherings in the various districts were discussed by Keith Horne, Edmonton; William Jamieson, Calgary, and Eddie J. Elder, Canadian, for the Lethbridge and district group.

"Lammermoor" Scotch Wool Blankets in white with blue borders. Approx. Size 72x90 inches. Priced at 18.95

# Teen Tycoons Vie For Calf Honors

## Better Quality, Top Prices Feature Red Deer Club Show

By Ken Liddle  
Special News Editor

RED DEER, June 6.—Some "teen-ager" tycoons in the cattle business on Saturday reported profits and progress to the directors.

The directors were those who support junior club work down on the farm and the young men and women of business were members of the four junior club holding their third show and sale at Red Deer.

**REAL PAYOFF**  
After the competitions the exhibitors paraded their animals before buyers from the big packing plants. The auctioneers drummed up good prices for the boys and girls in spite of their years.

But for the directors who support the work, real payoff was in comparison of quality.

The show, one of 76 throughout Alberta, was divided into four classes, special, choice, good and qualified. Last year, one-quarter of the 120 calves entered fell into the qualified class. That meant they were underfinished.

**DIVERSIFIED EDUCATION**  
So they left a spare for qualified animals this year, but of the 133 on show not one fell into that category.

So throughout the year the young breeders had not only learned a lot about quality, but they also learned a lot about marketing and fluctuations of prices.

For a good example, take a look at the books of young Ken Campbell, son of Bruce Campbell, of Delburne.

Ken bought a purchased livestock sale last October. He weighed 400 pounds, cost him 20 cents a pound. Although he placed eighth in the whole show, the boy's calf was first in the Delburne club contest.

**PAYOFF**  
When he paraded it before the buyers, the auctioneer noted that it weighed 850 pounds and the auctioneer kept drinking until he got 40 cents a pound for it.

That, allowing for a 52 cent bill all winter, made a fair piece of profit for Ken Campbell.

"It is a good paying proposition," said Ken. "It is good money and it is a good education."

He could see what changing economic conditions mean to the farmers. Last year he won a second place ribbon with a calf purchased at 15 cents a pound when it weighed 800 pounds when he set it at 72 cents when it weighed 800 pounds.

**TOP QUALITY, TOO**  
It was what happened to Alex Richards, of the Red Deer club (Campbell) could see the value of more effort to raise top quality animals.

Richards exhibited the grand champion, an 850-pound Shorthorn, that brought 52 cents a pound.

The show was opened by Hon. D. A. Live, minister of agriculture. Judges were: J. Johnston and W. H. T. Mead, of Edmonton; auctioneers, Alex L. Sim, Red Deer, and C. F. Demore, Bentley. General arrangements were made by J. L. Satchellman, district agricultural agent.

**RICHARDS GRAND CHAMPION**  
Major winners were Alex Richards, Red Deer, grand champion; Bill Johanson, Markerville, reserve grand champion.

Other placings were: 2. Bertha Morrison, Markerville; 4. Ron McCullough, Red Deer; 5. Thomas Marshall, Innisfail; 6. Marion Robinson, Innisfail; 7. John Piko, Delburne; 8. & Ken Campbell, Delburne.

Show champions were: Delburne club: 1. Ken Campbell; 2. John Piko. Innisfail club: 1. Thomas Marshall; 2. Marion Robinson.

Red Deer club: 1. Alex Richards; 2. Ron McCullough. Markerville club: 1. Bill Johanson; 2. Bertha Morrison.

Hereford association prize was awarded to Bill Johanson, with Ken Campbell second. Will Edgar trophy for showmanship went to Alex Richards, Red Deer.

# Civil Service Goes On 5-Day Week

OTTAWA, June 6.—(CP)—The secretary of state department yesterday announced that the dominion civil service will go on a five-day week during July and August. This arrangement, which also was in effect last year, means that staff will work from nine to five on weekdays with Saturday morning off.

The five-day week will apply to all departments.

# COFFEE IN LAP BRINGS SUIT

ST. LOUIS, June 6.—(UP)—Richard W. Malk charged in a cross-suit for divorce that his wife sometimes served him coffee in his lap. Malk said she also put salt in his coffee, heckled him, and hid his razor and spectacles.

The five-day week will apply to all departments.

# Lutheran Members Set All-Time High

HAMILTON, June 6.—(CP)—Membership of the Evangelical Lutheran Synod of Canada in 1947, highest in its 18-year history and an increase of 1,235 adherents during last year, church officials announced today.

Annual meeting will be held in Hamilton June 14-17.

# 1948 Tourists Brought \$17,500,000 to Province

CALGARY, June 6.—(CP)—Estimated outlay for main highway construction in Alberta this year is more than \$9,000,000, Economic Affairs Minister A. J. Hooke said at a dinner meeting of provincial and branch directors of Alberta Motor Association here Saturday night.

H. R. Chauncey, provincial president of AMA, president at the gathering which marked the wind up of the semi-annual convention.

The main highways program will cover 80 miles of asphaltic surfacing, 72 miles of grading and 501 miles of gravel surfacing, Mr. Hooke said. Grading costs will amount to \$4,725,000 and asphaltic surfacing, \$3,345,725.

**TOURIST CAMPS INCREASE**  
The speaker also said the tourist industry brought an estimated \$17,500,000 into Alberta in 1948. He said it is expected there will be 119 tourists camps in the province this year, compared with 107 last year and 85 the year before.

Dealing with industrial promotion the minister said it is not necessary to exaggerate anything to bring people here. Last year 22 new manufacturing industries came into Alberta, investing \$300,000,000 in the province, and providing work for 1,200 new employees.

Inquiries are being received from firms interested in establishment of pulp mills, straw paper mills, plywood mills and chemical industries, he said, adding industrial expansion means development of still better highways.

**DRIVERS' EXAMS SOON**  
Reporting on results of an interview with AMA delegation had with the provincial cabinet, Mr. Chauncey said the following definite decisions were reached: highway patrol will be increased; trucks will be closely checked on weights and speeds; highway program for 1949 will be made known soon; and drivers' examinations before getting first drivers' license will be inaugurated as soon as possible.

Agreement was not reached with the cabinet on AMA's requests for a 25 per cent reduction in cost of license plates, effective next March 31; introduction of safety education in schools; and elimination of the \$1 a year "unsatisfied judgment fund" for which is added to the driver's license.

A report by C. H. Grant, of Edmonton, showed that payments of accident claims under the free insurance provided to members of AMA amounted to \$27,636 in the last six months.

# International Scout Camporee Planned In June

BRANDON, Man. June 6.—(CP)—Preparations are nearing completion here for the international camporee of more than 700 Boy Scouts from Canada and United States at Brandon's exhibition grounds next week.

Led by three bands and North Dakota officials, the American scouts will travel June 10 to the Canadian border in a 10-car motorcade after assembling at Northwood, N.D.

The caravan will be met at the International boundary by a guide of Royal Canadian Mounted Police. In full dress uniforms and Brandon civic and Scout officials.

The camporee will continue until June 13 and will feature varied Scout badge tests, camp fire rallies and parades.

# Mine, Mill Workers Get New Agreement

TRAIL, B.C. June 6.—(CP)—Consolidated Mining and Smeltering Company Ltd. and locals of the International Union of Mine and Smeltering Workers (CIO) in Kimberley and Trail have signed a new bargaining agreement.

It was announced Saturday that the new agreement is effective from June 1 covering wages and working conditions.

Principal terms of settlement involved the granting of six salary holidays with pay, increased contribution to the employees' medical, hospital and benevolent funds, together with certain changes in individual job classification rates.

# U.S. Will Test ARP System

WASHINGTON, June 6.—(AP)—Defense Secretary Louis Johnson announced plans Saturday for the most extensive test of the United States' air raid warning system since the war.

More than 20,000 civilian volunteers are slated to take part in "Operation Lookout" which will be conducted next September in a 100-mile east coast area ranging from Maine to Delaware.

Ken bought a purchased livestock sale last October. He weighed 400 pounds, cost him 20 cents a pound. Although he placed eighth in the whole show, the boy's calf was first in the Delburne club contest.

When he paraded it before the buyers, the auctioneer noted that it weighed 850 pounds and the auctioneer kept drinking until he got 40 cents a pound for it.

That, allowing for a 52 cent bill all winter, made a fair piece of profit for Ken Campbell.

"It is a good paying proposition," said Ken. "It is good money and it is a good education."

He could see what changing economic conditions mean to the farmers. Last year he won a second place ribbon with a calf purchased at 15 cents a pound when it weighed 800 pounds when he set it at 72 cents when it weighed 800 pounds.

**TOP QUALITY, TOO**  
It was what happened to Alex Richards, of the Red Deer club (Campbell) could see the value of more effort to raise top quality animals.

Richards exhibited the grand champion, an 850-pound Shorthorn, that brought 52 cents a pound.

The show was opened by Hon. D. A. Live, minister of agriculture. Judges were: J. Johnston and W. H. T. Mead, of Edmonton; auctioneers, Alex L. Sim, Red Deer, and C. F. Demore, Bentley. General arrangements were made by J. L. Satchellman, district agricultural agent.

**RICHARDS GRAND CHAMPION**  
Major winners were Alex Richards, Red Deer, grand champion; Bill Johanson, Markerville, reserve grand champion.

Other placings were: 2. Bertha Morrison, Markerville; 4. Ron McCullough, Red Deer; 5. Thomas Marshall, Innisfail; 6. Marion Robinson, Innisfail; 7. John Piko, Delburne; 8. & Ken Campbell, Delburne.

Show champions were: Delburne club: 1. Ken Campbell; 2. John Piko. Innisfail club: 1. Thomas Marshall; 2. Marion Robinson.

Red Deer club: 1. Alex Richards; 2. Ron McCullough. Markerville club: 1. Bill Johanson; 2. Bertha Morrison.

Hereford association prize was awarded to Bill Johanson, with Ken Campbell second. Will Edgar trophy for showmanship went to Alex Richards, Red Deer.

Inspector Ricardo said the SPCA board is meeting today and that they will "discuss the rodeo situation and may decide to campaign against them." He did not say if the campaign would be a dominating one.

**Plants To Dismantle**  
DUESSELDORF, June 6.—(AP)—Eleven German coal-refining and chemical plants yesterday received their final dismantling orders from British authorities. Dismantling probably will begin by June 8.

**SPCA May Start Anti-Rodeo Campaign**  
VANCOUVER, June 6.—(CP)—Possibility of a campaign against rodeos being started by the Society for the Prevention of Cruelty to Animals was reported Saturday by SPCA Inspector "Nate" Ricardo.

Rodeo promoter and director Herman Linden was convicted in police court Friday on a charge of cruelty to a horse during the recent Mariposa Rodeo Club stamperede. He was fined \$100.

Inspector Ricardo said the SPCA board is meeting today and that they will "discuss the rodeo situation and may decide to campaign against them." He did not say if the campaign would be a dominating one.

**Plants To Dismantle**  
DUESSELDORF, June 6.—(AP)—Eleven German coal-refining and chemical plants yesterday received their final dismantling orders from British authorities. Dismantling probably will begin by June 8.

PANORAMIC VIEW of latest thing in theatres is caught by Bulletin photographer Eric Bland at site of Starlite Drive-In theatre on Edmonton's Country Club road. Starlite, largest theatre of its kind in Canada, is first of two to be built in city, and

## Long Experience Backs Super-Modern Starlite

Frank Kershaw brings 25 years of motion picture entertainment experience to Edmonton with the opening today of the super-modern, \$160,000 Starlite outdoor theatre.

Located on 15th street, a mile-and-a-half south of Stony Plain road, Western Drive-In Theatres' new Starlite boasts the latest in enjoyment and efficiency reached through experience of the owners, Kershaw, managing-director of WIDIT Inc. and formerly district manager for Famous Players in Western Canada, has put up this latest entertainment scheme for "the individuality and privacy of our patrons."

**652 CARS**  
Covering 15 acres, Starlite will accommodate 652 cars on a hard-surfaced parking ground facing the giant, 56-foot-diameter screen. The screen, undistorted from any angle the theatre-goer may be sitting, is largest of any in Canada's 15 outdoor theatres.

The projection room, containing the only two water-cooled arc projectors in the country, sits back 275 feet from the screen. Comfort and convenience of the public have been prime considerations in overall planning of Starlite. A modern snack bar, open during and after the show, will provide refreshments for hungry patrons.

**BABY SERVICE**  
Also coupled with this feature is an added convenience for parents who no longer have to leave

babies at home. A bottle-heating service will be available all hours for parents with hungry infants.

Commodious rest-rooms, situated in the projection building, will serve patrons waiting clean, convenient and up-to-date fixtures which are part of the rest-room furnishings throughout.

Each automobile is provided with a loudspeaker, and adjustable volume control. After a patron parks his car, with help of one of 12 attendants on duty, he reaches out of his window and picks the speaker off the stand.

**SHOWS NIGHTLY**  
Beginning at sundown, one performance will be given each night, except Sunday, when there will be midnight showings.

The best in motion picture production offered by Britain and Hollywood will be available to Starlite patrons, which will offer both family entertainment and a variety of movies now being produced.

Calgary's first outdoor theatre, opened last month, has been bringing audiences from a 100-mile radius, Kershaw says. People living in rural districts here also are expected to take advantage of the Starlite, which will offer gen-

eral enjoyment for all members of families motoring to Edmonton.

**2ND PROPOSED**  
A second theatre, to be built this year under supervision of Kershaw and company president Mervin "Red" Patton, will be opened late this fall, and will be known as the "Golden Spike."

Other features offered at the Starlite include emergency mechanical service for all auto-owners by a special mechanic on the job at all hours; telephone service for patrons; experting calls; and special accommodation for "walk-ins" who will be seated in special seats for utmost comfort and enjoyment.

### Suggestions For Drive-In

For your greater enjoyment, the following suggestions are offered so that you may gain the fullest enjoyment from your visit to the Drive-In Theatre:

**TO ENTER THE THEATRE**—Drive right up to the box office. An attendant will wait upon you, take your money to the cashier and return your portion of your admission ticket and your change. **LIGHTS OUT**—On leaving the

box office and before entering the theatre please put out car lights. **DRIVE FORWARD AT ALL TIMES. DO NOT BACK UP.** An attendant will direct you to your ramp. All ramps are numbered and easily visible to you as you enter. Turn left at ramp entrance. Park your car so that front door is just back of speaker and stand which enables you to open your door on speaker side of car. Park close to speaker stand to make room for incoming car beside you. If parked properly the speaker for your car is within arm's reach.

Remove speaker from receptacle and hang inside your car on car window, door frame, windshield, visor or place on front seat. Volume control is on top of speaker and can be adjusted to individual needs. For best results keep volume control at low level. 1st and 2nd ramps are for cars with passengers occupying front seats only. Cars with passengers in back seats should park further back for better vision. If there are any vacancies after first performance, patrons may move closer to the screen. Please do not move forward until aisles are clear of moving cars. When departing or moving closer to the screen please turn off speaker and replace in speaker compartment. With exception of first ramp, drive straight ahead and exit to the left. Please drive slowly... watch for cars in drive-way... drive forward always... do not back out thereby avoiding collision. Do not turn on car lights until you have passed through the Exit.

## Drive-In Provides Special Features

Everything For Comfort  
Aim of Starlite Theatre

Edmonton's new starlite theatre has a host of popular features for the comfort and convenience of patrons.

The popular snack bar situated at the centre of aisle four and very easy to find, is always open, before, during and after the show.

Commodious rest rooms are situated in the projection building.

Starlite shows are all-weather shows, rain or shine. Popular features will always be shown.

Stage shows will be shown from time to time. Featuring various forms of entertainment in front of the giant screen. Stage shows can be seen or heard from your car but special seats will be provided in front of the screen.

**CHILDREN'S FACILITIES**  
Good family programs for children will be shown from time to time. Several cartoons are shown on every program.

The management says a special windshield cleaning service is provided at all times.

In front of the screen a special children's playground is provided and in the future free rides on ponies will be featured.

Early in July, the management plan to install electric heaters for added comfort of patrons. Compact these heaters can be hung over the windshield view or placed on the floor of your car. Starlite is one of the finest drive-ins on this continent and first to make this added service available.

**Smash-Grab Thieves Raid 'Hat Jewelers'**

**MEDICINE HAT, June 6.—(CP)—**Police today were continuing investigations into the smash and grab robbery of the Wright jewelry store early yesterday.

About \$300 worth of watches were stolen. The thief or thieves used a heavy piece of wood to smash the store's show window.

**BALDUR, Man.—(CP)—**Construction of a cottage hospital in Baldur has begun under the Argyle district medical nursing unit. Material is being used from a dismantled hospital at the RCAF station at Portage la Prairie.

**NOTED AIR DOG GIVEN LEAVE FOR MATERNITY**

**SAN ANTONIO, Tex., June 6.—(UP)—**The U.S. Air Force has granted one of its poster girls special leave to raise her quadruplets.

The model mother is Rhelma's Golden Lady, a high class building. She is used by the Continental Air Command for posters stressing the importance of safeguarding military information.

Thousands of the posters have been sent to all Air Force bases in the United States, making the dog one of the most widely-publicized in the world.

# Hong Kong Bright Far East Beacon

Order, Full Stores, Wealth  
Vivid Contrast in Darkness

HONG KONG, June 6.—(AP)—Amid the disorder, poverty and darkness of Asia, Hong Kong looms up like a million-watt-power beacon.

To anyone arriving from Shanghai, Seoul or Tokyo, Hong Kong seems almost in its order. Its apparently unlimited stocks of goods, and its wealth.

This British colony is a little worried now. Chinese Communists are headed in this general direction, and they may decide they want back the island that Britain acquired more than 100 years ago.

**NOT TOO WORRIED**  
Hong Kong is not too worried, however. Only a handful of its men have answered a call to enlist in volunteer defence corps.

The Conservative Daily Telegraph puts Hong Kong's position this way:

"Communism is the foe of democracy, but there is no reason why Hong Kong 'should not also display a willingness to win and hold their (the Reds') confidence'."

There should be "no appeasement or supplication," the Telegraph hastens to add, but:

"Overtures based on traditional friendship between British and Chinese interests may do much more than a display of brawling bayonets in winning from the Communists their respect and their willingness to live in peace with this colony."

**CONTRAST VIVID**  
This sort of talk contrasts with the cry to defend Hong Kong with the well-advertised assignment of more British ships, planes and men to the defence forces, which are stronger in prestige than in numbers.

Although Reds showed no hesitancy in shooting up Royal Navy ships on the Yangtze in April, they may think twice before tangling with Britain over Hong Kong.

To a new arrival, however, this colony's wealth and its law and order are more impressive than talk about defence.

**STOCKS FULL**  
Hong Kong's warehouses, store shelves and alley stalls are jammed with desirable merchandise.

French perfume, Egyptian cigarettes, American shirts, fine Swiss watches, Irish linens, Siamese silk—these are just a few of the countless items money will buy in Hong Kong.

Nearly everyone who comes to Hong Kong has money and seems eager to spend it. As fast as shelves are emptied they are refilled from the steady stream of ships crowding the duty-free port.

**D.P. CENTRE**  
This glittering spot also is the east's greatest displaced-persons centre. Here one may meet a L.A. newspaper man from Peiping, a French engineer from Tientsin, a Chinese Nationalist official from Nanking, a white Russian from Shanghai, and countless others, including many wealthy Chinese refugees from Communist-occupied areas.

The Communists are here too. They even throw an occasional cocktail party in a plush hotel.

The new post-war racial non-discrimination is practised, yet a wounded British seaman off one of the warships damaged in the Yangtze was asked to leave a cafe because it does not cater to other ranks.

Yes, Hong Kong is "different" as it sits and trades and watches the war and hopes for the best.

## FRIEND BRINGS HIM LUCK BUT TAKES IT BACK

BOSTON, June 6.—(UP)—Brought him luck at Revere's Wrentham Park dog track and took it away, literally. Just after Elmer made the man's acquaintance he had a streak of fortune. For five nights he won, building \$200 into \$1,500. His new friend stood by smiling.

Then the man asked Elmer to a lift home after the races to nearby Medford. He pulled a revolver and relieved Elmer of the \$,500.

**Eskimos Can't Vote**

Eskimos are not permitted to vote in June 27 elections but certain Indians are.

Eskimos are disqualified (as they are wards of the Crown) under section 134 of General Election Instructions of Oct. 15, 1948.

They are in mixed company which includes judges appointed by Governor-General-in-Council, returning officers, persons in detention, mental patients and those convicted of corrupt or illegal practices. Returning officers are entitled to vote only to break a tie in a final count or recount.

Indians living on reservations are disqualified except if they have served in His Majesty's forces.

**WIVES TOO**  
Wives of Indians who have served with the Forces are also entitled to vote but there is some question whether this applies if she lives on a reservation because of the qualifying clause "and in other cases qualified as an elector."

If an Indian does not reside on a reservation, his right to vote is determined in the same manner as any other person who is not an Indian.

DPs and new residents in Canada are not entitled to vote until they have been here five years and be come Canadian citizens.

## Driver Gets Two Months

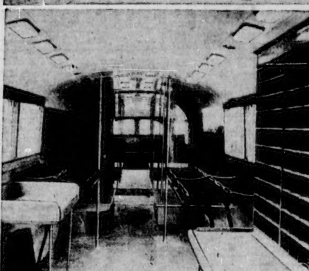

Two month jail term was given to William Robins who appeared in court Saturday on a charge of dangerous driving.

Robins was arrested early Saturday morning following a wild ride through property of Earl Finch, 1238 56 street.

Investigating police found that Robins had driven a panel truck through Finch's property, and across a nearby plowed field, breaking several fences and dropping four ladders from his truck.

Const. Fedoruk testified in court that he did not think Robins was in a fit state to handle a car, at the time of arrest.

Robins was sentenced to 60 days in Port Saskatchewan jail and his driving license was suspended for eight months.

## OLDSTERS PASS OUT CIGARS

MILAN, Tenn., June 6.—(AP)—An 80-year-old welder and a 70-year-old fisherman became fathers this week.

Welder John Pillow, who works regularly, passed out cigars today. His 40-year-old wife gave birth to a nine-pound girl. The Pillows have several other children, including one three years old.

The wife of William D. Wheeler, a fisherman living at nearby Greenfield, became the mother of a 11½ pound boy Wednesday. Wheeler is the father of 17 other children, 14 of whom are living.

## Bombs, Rifles Used At India Party Meet

CALCUTTA, June 6.—(Reuters)—One person was killed and 25 injured when police opened fire yesterday on a crowd who broke up a Congress party election meeting by throwing incendiary bombs.

The crowd set fire to a furniture store and two buses. Most of the injuries were caused by the exploding bombs.

Prominent Congress workers were among those hurt.

# National Flying Club Week Features Youth

"Wings for Youth is theme of this year's celebration of National Flying Club week by 36 member-organizations from coast-to-coast, scheduled for June 12 to 18.

Designed to impress more fully with details of government financial assistance to students. Visitors will be able to inspect instructional facilities and flying equipment and see new highs in standards of training being attained by all organizations.

**QUALIFIED TO HELP**  
Having contributed to Canadian development and security during 20 years of war and peace, Canadian flying clubs today are in position to assist more than ever air-minded citizens wishing to qualify as trained fliers.

This special week will feature a campaign to alert all young Canadians to opportunities now available, and to familiarize them with details of government financial assistance to students.

**Boys to Appear For Molesting**

Two juvenile molesting instances have been reported to city police and two young boys will appear in juvenile court as a result.

Two girls, Ann Milgare, 12½ years old and Violet Anderson, 12½ years old, were reported by their mother to have been molested by two boys and having a coat stolen. Coat has been recovered, boys have been apprehended and will appear in juvenile court.

Police are still investigating second incident reported by Mrs. J. B. Crawford, 10527 126 street. While walking along 126 street and Stony Plain Road with her young daughter Friday afternoon she was molested by a young man about 12 years old. He is believed a stranger in the neighborhood.

**So Refreshing!**  
TO OR FROM THE EAST  
Take a GREAT LAKES VOYAGE!

There's nothing quite like Canadian Pacific's sparkling rail-and-water route to or from the East! Your first class rail ticket entitles you to take a Great Lakes cruise as part of your trip... only meals and berth are extra... while you enjoy smooth sailing, deck sports, matchless scenery and gay shipboard life.

Sailings by S.S. KEEWATON and S.S. ASSINIBOIA  
Embarked from Port William—Westbound from Port McNicoll  
Every Tuesday and Saturday

See your local Canadian Pacific agent and tell him you wish to break your journey to or from the East with a Great Lakes cruise

# A's Mound Staff Starting to Click

## Rookies Halt Indians Twice; Giants Atop National Loop

NEW YORK, June 6.—One game doesn't mean a pennant nor one week-end and, just as Connie Mack's pitching staff is beginning to justify the glowing remarks tossed its way before the American league schedule began.

### LOOKING BETTER

Yesterday's rookie pitchers Bobbie Shantz and Charlie Harris came through with brilliant relief jobs to defeat the world champion Cleveland Indians 3-0 and 4-2.

KEN McAULEY  
... Maple Leaf coach?

## McAuley Leaf Puck Mentor?

If you haven't lost all your money at the race track and want to bet on a pretty sure sure, you might want to bet on McAuley. Maple Leaf coach.

Last night Maple Leaf coach would neither confirm nor deny rumors that McAuley has been selected for the job. But this much is known.

McAuley has quit his position as a machine salesman in Saskatoon and is returning to Edmonton this week. He has secured employment with an oil company here.

McAuley has quit his position as a machine salesman in Saskatoon and is returning to Edmonton this week. He has secured employment with an oil company here.

Washington's season was capped by a 7-0 win in the first game of double-header with Chicago White Sox but dropped the nightcap 5-4 to some fine relief hurling by Sox rookie Bob Kuzava.

At the same time the erstwhile leader, Boston Braves, was losing to the upstart St. Louis Cardinals by a 3-1 count.

Philadelphia Phillies, a 1-0 victory over the St. Louis Cardinals, captured the opener 7-2.

Murphy Diabolo came in as a relief pitcher and was credited with the victory as Philadelphia edged Brooklyn Dodgers 4-3.

Gasco Sluggers At Work Sunday

It was legal mayhem that an imposing array of Gasco hitters committed on three top pitchers in a South Edmonton Men's League game yesterday.

For the record, the final score was 15-0.

Jackie Moore led the attack with a homer and triple. He was joined by support from George Gibson, who hit a double, and George Gifford, single.

Benalto Triumphs

BENALTO triumphed in a Central Alberta baseball game yesterday.

Edmonton Cricketers Defeat Calgary Team

An Edmonton all-star cricket eleven defeated Calgary 19-0 in an inter-city game at the Municipal Athletic Stadium yesterday.

Edmonton Innings

## Familiar Spot for Pagan Star

WEIGHT OR NO WEIGHT Pagan Star had what it took Saturday to win the Northern Light handicap from a small but select field. The ace of the Neil Campbell string, despite packing 131 pounds and giving away from 19-22 pounds to three rivals, had it by a length and one-half at the finish over Amsterdon, that Eddie Johnson in the irons.

Race trackers fear two things appearing — a fire in the barns and a spill on the track.

A holiday. Loss of equine and human life from these causes has been relatively heavy in the years since racing became big business.

There were eight heavy on Saturday's card for the first time in the running of the feature race at Thorncliffe race track Saturday.

Jackey Paul Bailey injured a thumb. Robert Merchant suffered torn knee ligaments. Bobby Piller strained a shoulder and Peter-Polk bruised a knee.

Other jockeys who went down, David Prater and Charlie Ulrich, were unhurt.

The race, the Bryan and O'Hara Memorial Handicap at 1 1/4 miles carrying \$3,000 award, was won by Exploiter, with Joey Bomber second and Brown House third.

Trouble started when Red Jerry, running third as the field rounded the paddock, was staggered and dropped dead. Five other horses fell over him. Halchuss suffered a broken leg and was destroyed. Free as Air was cut and Dymoke was bleeding at the nostrils.

Autopsy will be performed to find the cause of the death of the horse Red Jerry, ridden by Mer. The jockey said when he was sent down.

Just over \$140,000 went through the hungry machines Saturday.

Hotst act (\$11.10) for the first time in the 11 days of horse racing.

Along the shed-row: R. B. (Snapi) Lawson, who already owns Gearhammer and Defer, took Valeda Craig out of the seventh, while the training gimmick, and turned the going mare over to trainer Mer. Harrop. The 10-year-old veteran looked like a good thing while winning the race and paying better than 7-1.

According to Johnny Kipling his Pagan Star, 10-year-old, has run more races than any other thoroughbred now in training in Canada. A record book tells it.

WIN SECOND GAME IN A ROW

Those Amazing Oliver Pats Turn Back "Vets"

# Ferocious Esks Beat Out Purities

## Rejuvenated Morganmen Drub Calgarians 3 Times Running

Maybe manager Ralph Morgan shamed them into it. Perhaps it was the inclusion in the line-up of newcomer Ross Kortgard or just the fact that Calgary Purities aren't any great shakes as a ball club anyway, considering what manager Bill (Deacon) Peterson has to go along with as a pitching staff.

But whatever the reason the hitherto-downtrodden Eskimos rose up in all their fury at the week-end to bowl over Purities three times running and take over clear possession of third place in the Big Four league standings.

That reference to manager Morgan "shaming them into it" has to do with the bossman's heretics' strategy afternoons. Esks inspired their string of three wins with a 3-4 conquest of the visitors.

Esks' pitching staff, which included Ed (Lefty) Better had injured himself while working and, as Jack Devine and Jerry Seaman hadn't been able to win, Morgan nominated himself for the hurling job against Purities.

A NICE JOB

Despite the fact that he hasn't pitched regularly for several seasons and also notwithstanding that he has passed for fast ball these times wouldn't rattle a chocolate Eskimo, Morgan pitched a fine seven-inning shut-out for the visitors against the Oilers of sponsor Harold Cundin.

Purities counted an unearned run in the fourth when Earl Smith had been having considerable trouble doing so far this term. Not that he served up much to pitch.

He didn't, at the total of Purities' hitters. But most of the Morgan heavy, varied as they were, were close enough that they seemed worried to hand out a hit.

## CAHA Gets Tough With WCHL, OSL

### Conform With Regulations 'Or Get Out' Says Pickard

NEW YORK—June 6.—(CP)—The Quebec and Western Canada Gentlemen's Hockey Association (GCHA) has issued regulations for the 1949-50 season. The regulations are designed to bring the amateur hockey association regulations in line with the professional regulations. The GCHA president said yesterday.

"We shall not tolerate any league dictating to any branch of our associations," he told the resolutions committee at the association's 32nd annual meeting.

## Move To Replace Zernial Underway

CHICAGO, June 6.—(AP)—General Manager Frank Lane of the Chicago White Sox yesterday announced that Pat Seery will be involved in a player swap in a deal for a replacement for the injured Gus Zernial.

Seery, who was demoted by the Sox to the Pacific Coast league after his hitting slumped, will serve as first baseman in the deal now in progress.

Seery now is on option to the Los Angeles team. He will remain with the Los Angeles until the deal is completed.

## Woodlands, APP Triumph

Woodlands and Alberta Poultry Producers won intermediate fast-ball games played at Borden Park yesterday. Woodlands beat Army 4-1 and the poultrymen triumphed 12-7.

Woodlands' 12-7 victory was a 6-0 lead in the 11th inning. Woodlands' 12-7 victory was a 6-0 lead in the 11th inning.

## Kramer Captures World Net Title

LONDON, June 6.—(AP)—Jack Kramer of Los Angeles Saturday won the Wimbledon world tennis title by beating Boris Becker of East Germany 3-6, 6-4, 6-3, 6-4.

It was Kramer's second victory over Becker in a professional championship. Kramer, former United States and Wimbledon amateur king, beat Becker in the finals of the American professional championship last summer.

## Alberta Baseball Meet Falls Through

CALGARY, June 6.—A meeting to reorganize the dormant Alberta Amateur Baseball association failed to materialize here yesterday. Only delegates present were Central Alberta representatives E. M. Gaggster and Dominic Parrolo. Hec McLean, secretary of the proposed AABA, announced that June 25 is the final date for entries in provincial playoffs for junior and intermediate divisions. Players are to be registered with McLean by July 15.

TUESDAY STORE HOURS: 9:30 A.M. TO 5:30 P.M. — DIAL 614

## IN EDMONTON IT'S The BAY FOR FASHION

### Designs for Living ... in the office ... in the sun

# SUMMER DRESSES

## 9.95

Classic and dressmaker styles in rayon jersey, butcher linen, English shantung and Tootals' lystav. Plain pastel and floral prints and geometric designs. Short sleeves, tailored, V and jewel necklines. Sizes 12 to 44, including half sizes.

## 12.50

Corsets, The Bay Second Floor

## Leafs Explode in 5th To Stop Canucks 7-5

Maple Leafs rammed seven runs down Canadian pitcher Ken Bailey's 11th inning yesterday to win a junior baseball game at Clarke Stadium. Final score 7-5.

Canadians led 2-0 travelling into the last half of the fifth when Hal Brown, pitcher, hit a home run. The Leafs led off in the sixth with a home run to centre field and the Bluebirds were on the march.

After Dameron's effort, pitcher Red Starlinging to left, Gord Johnston fled to bat for the first out. Ray Barry walked and Jimmy Stewart was left on base. Johnston's first base hit, Zeke Waluk and Nick Bucy retired in order. That was all for Bailey on the Canadian side.

Lelly Red Meredith came on in

Among the delegates is Dr. W. G. Hardy of Edmonton, president of the International Hockey Federation.

Pickard's statement was made after Cecil Duncan of Ottawa, secretary-treasurer of the Ottawa and District AHA, said he "felt the CAHA lost considerable prestige through the transfer of an Ottawa-Brighton Cup championship from Ottawa to Toronto."

Rumours were spread when the western club demanded at least one game in the best-of-seven series should be played in Toronto or Montreal.

CAHA, which handles playoff arrangements, had stipulated all games must be played in the capital, met Regina's demand.

### A FIRM HAND

"I accept the responsibility for transferring the game and the situation was a most unhappy one," Pickard said. "The playoff arrangements were made in a meeting last January and we should not have departed from them. No league has the right to dictate to the CAHA."

The conference Saturday decided an amendment to rules that would make the attacking blue line control inside-the-park tactics. Instead of the present red-line area, the blue line would be the attacking line.

Quebec branch and supported by Manitoba. Supporters of the amendment said the change would eliminate "ganging" in the corner zones and improve slick-handing and team play.

## Belfast Celtics Top Detroit 4-2

DELT, June 6.—(AP)—Belfast Celtics soccer team yesterday defeated Detroit 4-2.

The Irish team has led two games and lost one decision.

Winners scored four times in the first half and coasted with their victory. Jimmy Campbell scored Belfast with two goals.

## QUINELA-4933

## TOURIST TRAFFIC TO HIT NEW HIGH

With warm June sun drying up the mud, Edmonton families are beginning to think of vacation days.

Any who aren't had better start. Tourist authorities expect a record breaking 900,000 tourists to flock to Alberta this year. They will tax resort facilities to capacity during July and August. Local residents are warned to make reservations early if they want to be sure of accommodation at that favorite mountain or lakeside hideout.

Albertans have no reason to complain about these inconveniences, however, because the tourists will pay over \$20 million for the privilege of enjoying our scenery.

Summer resorts everywhere are plagued by peak tourist traffic during the last two weeks of July and the first two weeks of August. Those who can, seem to prefer a holiday during the midweek period. This is especially serious in Alberta because the Calgary stampede in mid-July draws thousands of extra tourists at this period. After the stampede, waves of tourists fan out in all directions, swamping the resorts.

This season government publicity has been intensified to alleviate the situation by advertising stampedes in the smaller centres which are held throughout the season. These are sold to the Americans as real attractions.

The publicity bureau has also prepared a booklet giving rates of travel and information on every camp and resort in the province. These very true tent cabins are a week for two people to the Royal suite at Banff Springs at \$10 a week. The booklet also makes sure visitors know "Alberta has everything."

Goat skins are important exports of India, Brazil, Java, the Belgian Congo and Russia.

NEWLY appointed head for the Edmonton Police Line Co. Ltd. Stevens Gullie will shortly open offices in Edmonton to direct construction of 400-mile pipeline from Edmonton to Regina. Mr. Gullie was recently a senior engineer with Imperial Oil Ltd. in Toronto.

Rubber Cheques Bounce Back

John W. Zask, 5069 Jasper Ave., Edmonton, presented 19 children with prize winning awards for the Beauty Edmonton poster contest.

First, second and third prizes of \$5, \$3 and \$2 were given with special prizes of \$5 for fine work in two divisions.

Sonia Mironko and Marian Spink, both of St. Anne's, won an extra \$5 for outstanding contribution.

Also singled for honorable mention was Tacka Schmalz, who won a special prize of \$15 for 100% participation.

Guy Turill, vice-president, received the presentation from A. A. More, Mayor.

Theatre staff members donated their time for the Saturday morning showing.

Teacher Pay Increased

Since increases are provided in salaries of Althabasca school teachers under provisions of a recent Arbitration board award, it was learned in government circles today.

Arbitration board was appointed to settle a wages dispute between Alberta Teachers' Association, Althabasca branch, and school trustees board of Althabasca school division at Colinton.

Award has been issued, and teachers and board will notify labor department by June 6 whether terms of the award are acceptable.

124 Phones Installed

Installations of new telephones during the week ended June 2 totalled 124 to keep pace with the accelerated rate that has been set by workers in recent weeks.

There were 30,661 telephones in service on June 2 compared with 30,009 on the same day last year, an increase of 652.

Health Measures

Children should carry clean pocket handkerchiefs, refrain from spitting and from sneezing without covering the nose and mouth, keep hands clean, drink clean water, avoid contact with persons having respiratory ailments, and if necessary, and drink pasteurized or boiled milk.

Children should be kept free of flies.

Children should be immunized against communicable diseases which might lower resistance and capacity of the body to defend itself against polio germs.

If a child is not eating, is peevish or overtired, he should be put to bed and a doctor called.

If the child has any digestive upset, diarrhoea or gastric flu, the doctor should be called immediately.

Dr. Gillett stressed the advisability of putting the sick child to bed immediately and keeping him there.

Fighting disease is extra work for the body and to let it fighting forces their maximum chance. It is essential to give the body rest from all other activities, however slight they may be, he said.

While little is known about the cause of polio, research has shown that epidemics are increasing in frequency and are now attacking older people.

The Tower of London once housed a menagerie.

Junior Chamber of Commerce last year was 24 minutes, 35 seconds.

Among those taking part in the bee were Doug Houshman, Casey Cavanagh, Jerry Macneaney, Ernie Whitley, Colin Campbell, Roland McLeod, Hammy Hamilton, Mary Williams, and Mer Johnson. Bob Dink and Ted Atkins.

In the evening the Jaycees, paintless and their dignified selves again, entertained American tourists at the Trocadero.

VICTOR Bruce Woodcock stands over vanquished Freddie Mills, knocked down in the tenth round of title-debated 16-round battle in London Thursday night. Mills down nine times, took the count in the 14th. Woodcock is European and British heavy-weight champion. Mills, British light heavyweight champ.

## Murder Trial Heads June Assize List

### City Man Faces Charge Of Slaying Relative

Twenty-five cases are listed for hearing at the June assizes which open tomorrow at the court house. Sittings will continue for four weeks.

Heading the list is the murder trial of Leo Francis Burke for the slaying of his brother-in-law James W. Ford 10 p.m. on May 10 last.

Jurists assigned for the assizes are Mr. Justice C. J. Fidd and the first week, and for subsequent weeks Mr. Justice R. B. McElroy, G. B. O'Connor and C. C. McLachlin.

The Burke murder trial will be held during the second week of the assizes.

Alfred Skarlicki, Edmonton, faces charges of breaking and entering and also charges of illegal possession of drugs.

Charge of being an habitual criminal also will be laid against Skarlicki.

## City Theatres Treat Kiddies

Edmonton's youthful population overflowed movie houses Saturday as theatre managers made good on promises of free shows for Beautification Week.

As laws lay moved and empty garage paths show as result of the Chamber of Commerce clean-up campaign, the children glided to the amusement to the Strawberry Hill, the Mount Plover and the mighty Canadian Pacific.

At the Capitol Theatre, manager Walter Winans presented 19 children with prize winning awards for the Beauty Edmonton poster contest.

First, second and third prizes of \$5, \$3 and \$2 were given with special prizes of \$5 for fine work in two divisions.

Sonia Mironko and Marian Spink, both of St. Anne's, won an extra \$5 for outstanding contribution.

Also singled for honorable mention was Tacka Schmalz, who won a special prize of \$15 for 100% participation.

Guy Turill, vice-president, received the presentation from A. A. More, Mayor.

Theatre staff members donated their time for the Saturday morning showing.

## 2 Appeals Dismissed

Appeals by Mrs. Lena Skarlicki and Dean Stewart, Edmonton, against conviction and sentence on vagrancy charges were dismissed in district court Saturday by His Honor Judge H. B. Fraser.

Sentence in Mrs. Skarlicki's case was reduced from four to two months on ground it was her first conviction. The four months sentence in Stewart's case was affirmed.

## Liberals Press Nominations

With deadline for nominations to be filed a week from Monday, Provincial Liberal Association has notified all candidates to get the forming over with.

Only two Liberal candidates have filed so far: Harry Vinson in Medicine Hat and Paul Moen in Wetaskiwin. C. Cliff Saville in Battle River, advised he intends to file today.

Many have the impression that the nominations may be held only the first day (June 13) for present elections. Nominations may be held at 107 time prior to election day.

In occasion in the past, because of inclement weather or other unforeseen circumstances, this rule has been relaxed and some have to run because they did not file.

## Great Slave Lake Sets New Fishing Record

Thanks to the snowmobile and Canadian anglers have enjoyed more fresh whitefish than ever before, and total output from Great Slave Lake quadrupled that of last season.

Wm. Schlader, manager of the Wen Products Corporation Limited, said approximately 4,000,000 pounds of fish were brought out this winter, at a value running close to \$1,000,000.

Last season the catch was estimated at 1,000,000 pounds.

From the fifth largest lake on the North American continent, whose cold waters are deeper than any known lake on the continent, come the whitefish and trout that have made northern Canadian fish the byword for excellence.

"It's not a boast," Mr. Schlader said, "it's a statement of fact."

INDUSTRY HIGH GEAR

Industry which went into high gear this year owes much of its impetus to completion of the Grimshaw highway. Prior to the highway the only means of summer transportation was the river route from Waterways to Great Slave Lake.

From the lake fish are now transported to Bay Hare (the terminus of the highway) and from there to the railroad at Grimshaw or Peace River.

The snowmobile has proven a powerful ally in winter operations on the lake.

Some 20 or 30 of the motorized sled machines were used this winter in transporting fish from the lake to Bay Hare.

Over 50 fishermen were licensed for fishing in Great Slave Lake this winter, receiving eight to 12 cents a pound for fish on the lake.

Contrary to popular belief, the fishing companies do no actual fishing themselves.

"What we do," Mr. Schlader said, "is buy the fish from the fishermen, pack and transport it from the lake to the centres of distribution. No company in western Canada is licensed to fish."

PROVIDE MEANS

Companies do, however, provide fishing equipment as an inducement for the fishermen to sell their catch.

This year, for the first time, McInnes Products will have competitors in summer fishing as several major companies get operations underway.

Last summer with Melinas Products operating alone 2,500,000 pounds were brought out.

One of the oldest fishing companies at the lake, having started 35 years ago, Melinas Products have their own quidi-quade plant at the lake.

In summer, fish are reduced to fillet form for Hilda Eye Prostate Foods and Melinas own brand of Noralta whitefish and trout fillets.

NO WORRIES

Anglers need have no worry that the lake is being depleted of fish for sports purposes, Mr. Schlader assured, for fishing is regulated by the Dominion government.

Each season a quota is set by the government and the fishing company may use, and inspectors have their own quidi-quade plant at the lake.

In summer, fish are reduced to fillet form for Hilda Eye Prostate Foods and Melinas own brand of Noralta whitefish and trout fillets.

"What we do," Mr. Schlader said, "is buy the fish from the fishermen, pack and transport it from the lake to the centres of distribution. No company in western Canada is licensed to fish."

## Health Officials Issue Warning Against Polio

### RACE HORSE JUMPS FROM VAN TO DEATH

Sweet Olive, a race horse owned by Tom Morrison of Aldridge, was killed near Ellerslie Saturday night when it jumped from a van into the path of a passing automobile.

Two men in the car that struck the horse, Floyd Macreary and Fred Brackebuck, suffered injuries in the mishap and were taken to hospital in Edmonton.

The racehorse was more seriously injured of the two and required a number of stitches for face lacerations.

It is understood that the horse—killed instantly—was being taken south to be put to pasture where she was said to be with foal. It is not known what caused the horse to leap from the van.

Sweet Olive was retired from the track this season last year she finished in the money in five starts out of six.

## African Uprising Dies Violent, Sudden Death

It all started when a character called John Kofi Olu Franklin wrote a letter to the editor. He wanted pen pals, he said.

Olu wrote that he lived at 8 Balfour street, Lagos, Nigeria. He confessed that he was interested in an exchange of ideas and "other things."

"Write him," ordered the city editor. I wrote him.

And I've been sorry ever since.

I can honestly report that Nigerians, especially those living in Lagos, are the "wildest" (and this side of Milton J. Reynolds' testing plant).

SNOWED UNDER

Since that day in September of last year when I innocently dispatched a note to Olu urging him to bare all, he and several other assorted Lagosians (his "pen pals") have bombarded me with air letters from the continent of Africa.

Olu wanted a job as African correspondent.

Bola Koton wanted to expose the colonial system.

Aki Smith desired to set up an import-export business.

Olu's reply started out innocently enough. "Tears of the undated came to hand on the 22nd day of September in the year of our Lord and the continents were carefully grasped."

No far so good. Olu had grasped the continent.

Then: "At present I am doing nothing. But I have been waiting on you to write me. I decide what to do and discuss same to you."

"My decision is too bold: (1) either through your good help, you introduce me to the management of your paper and get me employed as one of your overseas correspondents or (2) you help me in making arrangements for me to come over there and be able to make 'fork' money."

FOUND PALS

I found Olu a couple of pen pals and let go at that.

Then there was Bolake. He was really, really, to tell us all about Africa.

In the past," he wrote, "certain

writers who are more or less purveyors of fabricated mendacity have painted my Africa in lurid colors in all the media available to them for their foul propaganda."

He continued: "If you drop me a line I shall abate their propaganda into smithereens."

LAST COMMUNIQUE

"I shall tell you of that terrible disease called 'imperialism.' I am ready to dispel those bulging eyes and stories about mud huts, cannibalism, spear-throwing, war, dances and the thousand and one tales told about Africa."

"Expose away," I invited Bolake in a further letter.

I and I hope he's lost my address.

FOUR ALBERTANS GET DEGREES

Five Albertans received degrees at Washington State College last week. Three are from Edmonton.

They are:

Mary Namith Corbett, MS in home economics, daughter of Mr. and Mrs. W. M. Corbett, 12420 112 avenue.

John Robert Stuart Jorgens, MA in agriculture economics, Edmonton.

John Urquhart, Ph.D. in agronomy, Edmonton.

Merridy Elizabeth Drumheller, BA in home economics, Drumheller.

Arthur Earl Edwards, BS in agriculture, Hinton.

Mrs. Corbett, who is graduate of the University of Alberta, received her degree in 1946.

More than 3,000 graduates received recording—1,400 degrees and certificates from the Pullman, Washington, college.

## Jaycees Join Joust To Set New Record

An army of 35 men, working at top speed can paint a house in 13 minutes, 24 seconds.

This was proved by Edmonton Jaycees at the weekend when the Winnipeg house-painting record of 14 minutes 52 seconds was broken by almost nine minutes and a half.

It was made Saturday afternoon on a house owned by J. Hewitt at 1026 13 street.

At the shot of a gun fired at 3:45 p.m. by Ted Arlidge, the

beslacked and overalled Jaycees swarmed over the brown-hung house and completely transformed it.

Transformed too, were the incorrigible Jaycees who not content with painting a house, forthwith attacked each other with broken by almost nine minutes and a half.

Owner J. Hewitt took no part in the proceeding, wondering if he had been was after all in telling the Jaycees at his house.

# Freedom of Labor Held Liberal Aim

St. Laurent Says Community Interest Highest Labor Goal

By The Canadian Press

With the federal election just three weeks away, Prime Minister St. Laurent is back in his native Quebec province today.

Progressive Conservative leader Drew and other party leaders are campaigning through the west.

Leaders of all four major parties including Mr. J. C. Colwell of the CCF and Solon Lew of the Social Credit party delivered campaign speeches Saturday.

Mr. St. Laurent swung through western Ontario before heading back to Quebec. In his major speech at Hamilton Saturday night, he stressed labor topics, upholding the right of labor to organize and act collectively. But he maintained that labor "can have no greater self-interest than to place first the interests of all citizens."

## LABOR RESPONSIBILITY

Claiming the Liberal party leads in labor legislation, Mr. St. Laurent said: "I believe that the greater freedom labor has to organize and act collectively through trade unions, the greater the welfare will be the sense of responsibility of labor to the whole of the country. Only through this freedom can labor be on a free and equal basis with management in the investment."

Mr. Drew at Moose Jaw, Sask., chided the prime minister for expressing concern over what would happen to nationally-owned undertakings under a Progressive Conservative government.

"Don't let anyone tell you that the Canadian National Railway, the CBC and the TCA are in danger under a Progressive Conservative government," said Mr. Drew. "Our aim is to make them more efficient."

He added: The Progressive Conservative party believes the railways should be expanded and extended; it believes that Canada's air services should be operating in all parts of the world, because this country produces the best pilots and aircrews.

Mr. Drew later arrived at Brandon where he speaks tonight in support of the candidature in that riding of John Bracken, his predecessor as party leader.

Mr. Colwell told a meeting at Selkirk, Man., Saturday night that it was the united action of the CCF, the Canadian Federation of Agriculture and the wheat pools that had "forced" the government to remove coarse grains from the speculative market.

The government at Ottawa announced last week that oats and barley marketing would be undertaken by the Canadian Wheat Board starting Aug. 1.

## EXCHANGE DAYS NUMBERED

This action leaves only five and a half days open to free trading on Winnipeg Grain Exchange, and Mr. Colwell said "the days of the grain exchange are numbered in this country." When the exchange closes for lack of business, he asserted, "the members of the board of the exchange who have made their money by gambling with people's food will have to get out and earn an honest living."

Solon Lew, Social Credit party leader, in a 15-minute broadcast from Regina said Finance Minister Abbott was either "deluding himself or fooling the public" when he kept taxes "so terribly high" in the last two years.

"Of course," said Mr. Lew, "the government claimed that their high taxation policy was for the purpose of paying off some of the more than \$16,000,000,000 of debt the Liberals have tied around the necks of the Canadian people."

## Western Grads

Number 870

LONDON, Ont., June 6.—(CP)—A record 870 graduates of the University of Western Ontario and its affiliated colleges received degrees, diplomas and certificates at the annual spring convocation Saturday. Thousands viewed the program in Little Memorial stadium with Chancellor Arthur R. Ford presiding.

## Italian Labor Strikes At Communist Union

ROME, June 6.—(AP)—Italian labor hit at Communist union Saturday by forming a new movement called the Italian Federation of Labor. The organization is composed of Independent Socialists and Republicans who broke recently from the Communist-dominated Italian General Confederation of Labor.

## 'TRY IT YOURSELF'

### Rodeo-Bustin' Padre Gets Job Switch Bid

OTTAWA, June 6.—(CP)—A rodeo manager today offered to trade jobs with a United Church minister who charged from the pulpit Sunday that rodeos are "vicious, sadistic and degrading." The minister, Rev. J. P. C. Fraser of the United Church, said rodeos are brutal to the animals, degrading to the performers "who must inflict pain for commercial, sadistic reasons," and degrading to spectators. He told his congregation that posters boasting of "tamed animals" were misleading and that it was only the ropes and the crowd that caused the horses to go into "painful convulsions" and make them buck. He urged his flock to campaign against a show performing like this week.

## NEVER LONELY ON HIS TRIPS

BOSTON, June 6.—(UP)—Robert H. Jackson of Southfield, Mich., makes a round-trip daily to attend Northwestern University here but he never feels lonely on his trip.

His wife is a classmate at Northwestern. They graduate together in 1951.

## Aussie Gas Ration Upset

CANBERRA, June 6.—(Reuters)—Australian gasa premiers today were asked by Prime Minister Chifley to take immediate measures to avert chaos in the gasoline supply position following a high court ruling that the present rationing system is illegal.

The court held that the powers of the federal government under wartime defense regulations have lapsed. The court ruled invalid regulations on the employment of women and the housing of war veterans.

The ruling also cast doubts on validity of controls on butter and tea, only remaining items rationed in Australia.

Some filling stations started selling gasoline without coupons as soon as the decision of the high court was announced.

## Byers To Head Rotary District

CALGARY, June 6.—(CP)—Edward W. Byers of Kenora, Ont., was named governor of district 116 Rotary International, at the final function of the district conference Friday night.

District 116 will be known as district 116-July 1, it was announced during the conference. The district includes Alberta, Saskatchewan, Manitoba and three rotary clubs in Northern Ontario.

## Smudge Fire Proves Costly

MILFORD, N.H., June 6.—(UP)—It cost Robert A. Pease \$12 to build his property of fire temporarily. Pease had a smudge fire built to drive off the flies. A fire lookout saw the smoke and ordered apparatus to the scene.

A municipal court judge ordered Pease to pay the cost of the fire department's call.

## Manitoban Burned In Tractor Upset

GNADENTHAL, Man., June 6.—(CP)—Funeral services were held here yesterday for Peter Penner, 40, killed in a tractor accident Saturday.

The tractor overturned in a ditch, falling on him. The gasoline tank caught fire and exploded. Mr. Penner's body was burned beyond recognition by the time help arrived.

## Bush Fire Danger Acute In Ontario

TIMMINS, Ont., June 6.—(CP)—Three bush fires in this area were reported under control yesterday following a slight overnight rainfall. The rain, however, was not sufficient to lower the fire hazard which remains acute due to extremely dry conditions.

One of the fires spread over 200 acres six miles north of Timmins. The other two fires are 25 miles northwest.

## 18-Months-Old Baby Drowned

CALGARY, June 6.—(CP)—Carol Shipley, 18-month-old daughter of Mr. and Mrs. Alfred E. Shipley of Calgary, was drowned in the Elbow

**FOR GOOD ATTENDANCE** at school 45 children from the Indian reservation at Maniwaki, Que., 100 miles north of Ottawa, were taken to the capital for a day to see the sights. Most of them wore deer-skin head-bands with the word "Maniwaki" embroidered in bright beads. Nine-year-old Freeman Meness (center) wore full Indian costume. With him is Dorothy Scott, holding an Indian mask, and Theresa Mitchell.

River here yesterday. Body of the youngster was reported missing from her June 4. The child's father is a constable here.

## N.S. Election Climbs From Federal Eclipse

HALIFAX, June 6.—(CP)—With but four days to go, Nova Scotia's June 9 provincial election campaign has hit the homestretch.

As such, it now hits the fire after taking a back seat to vote-buying tours staged in the Maritimes by federal party leaders.

Shortly after the date for the provincial contest was announced, the federal battle was set for June 27.

## TAKE BACK SEAT

Then, before provincial campaigning could get underway in earnest, the big three party leaders in the federal field—Prime Minister St. Laurent, George Drew, Progressive Conservative, and M. J. Colwell, CCF—headed for the Maritimes to start their campaigns.

With two, and sometimes three federal leaders in the province at one time, the provincial contest was overshadowed. But since the Ottawa chiefs departed, the provincial campaign really hit stride.

Liberals, in power in Nova Scotia since 1933, went to the people mainly on the issue of the Annapolis River bridge.

To back up Premier Angus L. Macdonald they used the slogan "All's Well With Angus L."

CCF OPPOSITION The 1945 election saw Mr. Macdonald re-elected provincial premier after a wartime tour of duty as navy minister and the Liberals at that time used the slogan "Angus L. Is Back."

The Progressive Conservatives did not win a seat in the 30-member legislature in the 1945 election.

## HE JUST WANTS ONE MORE TERM

CHASSER, Mass., June 6.—(UP)—John T. Keating, who may be the nation's oldest constable in point of service, says he'll be willing "to call it quits" if elected to one more term. First elected as constable 54 years ago, the 83-year-old Keating already is preparing his campaign for reelection at the town meeting in March, 1950.

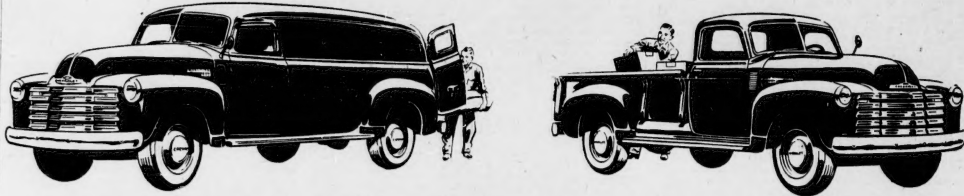

## Hotel-Movie Said Planned

PRINCE RUPERT, B.C., June 6.—(CP)—An ultra-modern eight-story \$2,500,000 hotel and movie theatre will be built here by a syndicate of internationally-known financiers and hotel men.

Plans for its construction are announced by R. W. Liverside of London, Eng., representing Frank Kettel, prominent British Columbia industrialist.

He says directors of the hotel company include: J. Arthur Rank, British movie magnate; David Milgrom of New York, director of the Baltimore hotel chain; his son, George Milgrom, Toronto; and Thomas D. Green, New York, president of the American Hotel Association.

The 365-room structure will be built on the site of the old Grand Trunk hotel, and will be known as the Charles M. Hays.

Children are, from left, Prince Amyon, 11, and Prince Karim, 12, sons of Aly by his marriage with British heiress Joan Yarde Buller; and Rebecca, daughter of Rita and Orson Welles.

## Close Tie With Europe May Follow Farm Meet

QUELPH, Ont., June 6.—(CP)—A closer liaison between the farmers of Europe and North America may be an outcome of the International Federation of Agricultural Producers' Conference, which enters its second week here today.

James G. Patton of Washington, D.C., said in an interview that a sub-committee, of which he is chairman, is discussing the possibility of establishing a permanent IFAP committee composed of European and North American representatives.

The committee would consider long-range crop production and other things, and would act as a consultative body for the European Co-operative Administration.

While most of the delegates toured farms in the vicinity during the week-end, some remained at the Ontario Agricultural College here to work with advisory drafting resolutions for the sub-committee sessions which resume today. The conference ends June 11.

## WANTA BE A BEAUTY QUEEN?

**BAKERSFIELD** June 6.—(UP)—Kern County's Chamber of Commerce concluded a local beauty and talent hunt for "Miss Kern County" today, without a single entry. Publicity director James Rodomus said apparently the title is open to anyone for the asking. It includes a trip to Santa Cruz, Calif., and a chance to compete for the title of Miss California.

## Sport Shop Team Beats Wales Hotel

**WETASKIWIN**, June 6.—Sport Shop football team defeated Wales Hotel in a league game Thursday evening by a score of 12-10. It was a hard fought game with the issue in doubt up to the final ball.

**Sport Shop team:** Al Arner, c; Howard Stafford, p; Marsh Severyn, qb; Victor Fournier, qb; Jim Hawkins, qb; Ron Stanley, rb; Rod Ferne, rb; Gerry Gillespie, lb; Rodney Schaefer, lb.

**Wales Hotel:** Chie Kuefler, c; Dave Hildebrand, p; Bart Kuefler, qb; Les Pollard, qb; Gerry Groves, qb; Harry Hill, qb; Ray Baker, qb; Dick Kuefler, lb; Morris Fegert, lb.

Umpires: Roy Dale at the plate and Gus Grims, base.

## Import Ban Removals Announced

OTTAWA, June 6.—(CP)—The finance department announces removal of import barriers from a number of secondary items, principally to help boost United Kingdom exports to Canada.

Although open general permits on the items—ranging from fountain pens to photograph frames—will be granted to all non-dollar countries, added imports are expected to increase U.K. sales in Canada by about \$150,000 a year.

New import controls become effective next July. They are not expected to increase expenditures of "hard-dollar-currency" in the U.S. dollar area, since importers from this area still will have to stick to the amount of their quotas.

## VARIETY BROADENED

It will mean, however, that importers, working under quota will have a wider variety of items from which to choose.

The items include such things as perfumes, flatware, small household appliances, vases, desk sets and paper products, all of which the U.K. is understood to be ready to ship to Canada in varying quantities.

Non-dollar areas which will be allowed to ship to Canada under open general permits will include all other countries except the following:

Cuba, Dominican Republic, Guatemala, Haiti, Panama, El Salvador, Switzerland, Russia, Venezuela and the United States.

No expansion of quotas is anticipated as a result of the decontrols.

## Service Club Continues Work

**SYLVAN LAKE**, June 6.—Sylvan Lake Service Club has started to build a concrete checker board at the beach. Dan Sontag and Gordon Hunter are the committee in charge.

Service Club will again operate the tennis courts and children's playgrounds. Alterations and improvements are being carried out at both.

Paul Perry and the Varsity Orchestra, recently visited Lacombe and played several selections at the political rally addressed by George Drew and Mr. Drew. Also in attendance was Will D. McKay, Sylvan Lake news correspondent.

## Women's Work

**VANCOUVER**, (CP)—Frank Franta, 15, invaded the domain of women recently to win the first prize at the Vancouver Boys' Club beauty show. His winning effort was a hair curling contest with bright diamonds. He is now working on a sweater for himself.

**T. EATON CO. WESTERN LIMITED**

## Christian Scientists Elect New President

BOSTON, Mass., June 6.—Breaking through the crust of ancient beliefs in material power, the post-war world is reaching out to an unprecedented effort for something better upon which to found a union of nations. The Christian Science Board of Directors declared today.

Addressing a several thousand Christian Scientists attending the annual meeting of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts, the Directors viewed with satisfaction the worldwide air in human consciousness to discard the material for the spiritual.

### PRESIDENT ELECTED

The Directors' statement and the election of Mrs. Elizabeth C. Shipman to the Presidency of The Mother Church for the ensuing year sparked an annual meeting filled with reports of marked progress in the Christian Science movement throughout the globe.

"Not only the general air in human consciousness but definite basic changes of concept in the major fields of science, theology, and medicine" were said by the Directors to have contributed to a growing respect for the Science and the spiritual healing for which it stands.

The Directors explained this, follows: "It is that the availability of satisfactory government, and of the body, or for any group of mankind, or for mankind as a whole, is no longer open to question."

"It is that such government does not have to be built up by merely human means, but that it already exists in perfection, and needs only to be understood and exemplified in the thought and conduct of men in order to become amply evident in their experience."

### ROOT OF TROUBLE

The Directors added: "It must be plain enough that selfishness is the root of the world's problems today—selfishness which puts one's own interests, or the interest of one's group or nation, to be conceived them, above the interests of the rest of mankind."

"And it is not strange that thinkers in many fields are recognizing that the remedy to this widespread evil is to be found in those qualities of thought and life which are revealed in Christian Science as the qualities of God, and therefore as spiritually natural qualities of man."

The growing worldwide recognition of the news and editorial quality of The Christian Science Monitor was a source of great satisfaction to the Trustees, Governments, private industries, educational and private foundations, they said, have sought the counsel and assistance of the Monitor, and other staff members of the Monitor.

### ILLUSTRATION

On the constructive side of radio broadcasting, The Mother Church was said to have contributed transcribed religious programs heard by a conservatively estimated 10,000,000 people every week. These programs are used by approximately 450 radio stations. Food, clothing, and literature supplies have flowed steadily from The Mother Church to many Christian Scientists in Europe, the Clerks report disclosed.

Let us question of food have

## Canadian Destroyer Brushes Red Gunfire

VICTORIA, B.C., June 6.—(CP)—HMCS Crescent had the "closest call" in China waters when the British destroyer escort was shot up by Communist guns, Lt.-Cmdr. David W. Grook, commander of the Crescent, said here.

The Canadian destroyer returned to her Reginald hall Saturday. Cmdr. Grook said the Crescent had been relieved at Nanking by the Consort and proceeded to Shanghai.

The Chinese Amethyst was steaming up the Yangtze to relieve the Consort when the Communists fired on her. The Consort, on hearing of the incident, steamed down the Yangtze at 28 knots, but turned back to help the Amethyst and was fired on by Red shore batteries.

Crescent, in the meantime, had gone on to Hong Kong from Shanghai to the British crown colony.

"We went out more as a gesture," said Cmdr. Grook.

Sailors aboard the Crescent think China is alright—what they saw of it—but Canada looked better still.

## GEORGE WASHINGTON'S, NO LESS

### Carved Ivories, Springs Classy Earlier Denture

SASKATOON, June 6.—(CP)—Dentures have come a long way since the days of George Washington. The first president of the United States had a mouthful of spiral springs to keep his carved ivory uppers up and his lowers down.

Today's denture can pull out a tooth and pop in another on the same day. After 100 years of porcelain teeth and a hard rubber base, artificial dentures today are made entirely of plastic with teeth and gums that look like the real thing.

Dr. W. J. Pryor of Cleveland, O., denture specialist today told the convention of the Canadian Dental Association here.

Although there has been considerable development in the art of restoring lost teeth, people also are losing them faster than formerly.

Dr. Pryor blamed the need for so much dental "restorative work" on excessive sugar in the modern diet. The average person—with an average of 12 cavities—consumes 100 to 150 teaspoonsful of sugar a day.

"And lollipops are murder on the teeth," he said, "because of the candies and sucking candies, which bathe the mouth in sugar—make worse. A chocolate sat-

lowed by water may be okay. "Only the humming bird and the bee live on sugar, and they haven't a tooth to spoil."

People from England have the worst teeth in the world, the result of a heavy diet of treacle, jams, and sweets, he said.

Dr. Pryor's dental office is at 1001 Broadway, Saskatoon.

EATON'S Textiles, Main Floor, East
